Buying the Burgman 650 gave me all the basics of a large motorcycle without all the weight. The feet positioning on the Burgman 650 is very very comfortable, and I love using the handbrake levers. It stops on a dime with NO forward lunging. Overall, it is the best bike I have ever owned. I never had over 1200 miles on ANY cycle.

THREE is the Suzuki Burgman 650. About as comfy for LD as my GW and really good handling and power. FOUR is the ST1100. Not as much power to me as my CTX1300 and not as comfy but still good. Very good handling and power still. AS I said, after owning the GW all other bikes suddenly became relatively easy to push around standing next to them.
