Challenging Behavior in Young Children

Challenging Behaviors As young children are just beginning to develop self-control, challenging behavior is common and expected in the years from birth to three. Young children are also developing self-regulation—the ability to calm or regulate themselves when they are upset.

Challenging Behaviors • ZERO TO THREE

Adults often find children's behaviors interesting and engaging. There are also behaviors that adults sometimes find challenging. For example, infants fuss or cry despite the adults' efforts to comfort them or have different feeding or sleeping schedules. Toddlers sometimes hit, bite, fall to the floor, cry, kick, whine, or say "no."

Understanding and Managing Children's Behaviors | ECLKC

An introduction to challenging behaviour in children Behaviour is communication: it's the way children let us know what's happening to them emotionally and psychologically. When a child's behaviour is challenging, it's usually serving a purpose for them.

Understanding challenging behaviour in children for ...

When you see challenging behavior, it usually means that your child can't figure out how to express her feelings in an acceptable way or doesn't know how to get a need met. What helps your child learn is when your response shows her a different, more constructive way to handle these feelings.

Toddlers and Challenging Behavior: Why They Do It and How ...

Children may show challenging behaviours in an attempt to gain attention and responses from adults – for some children, even negative attention is preferable to no attention at all. Young children are also easily distracted and have short memories, which may be why sometimes they don't do what you ask them to.

National Center for Pyramid Model Innovations NCPMI

At a young age, children don't always have the skills to tell us what they want, need, or feel. When this happens, children are likely to behave in ways that are confusing or challenging to their parents and caregivers. It is up to us to try to understand children's behaviors and help them learn to express their feelings in appropriate ways.
