Economic Facts And Fallacies

Economic Facts and Fallacies exposes some of the most popular fallacies about economic issues-and does so in a lively manner and without requiring any prior knowledge of economics by the reader. These include many beliefs widely disseminated in the media and by politicians, such as mistaken ideas about urban problems, income differences, male-female economic differences, as well as economics fallacies about academia, about race, and about Third World countries.

Economic Facts and Fallacies, 2nd edition: Sowell, Thomas ...

STUBBORN THINGS Thomas Sowell's remarkable book Economic Facts and Fallacies is even more remarkable for its brevity. In just over two hundred pages, he tackles and deconstructs fallacies infecting our cities, our relationships, the academy, business, race relations, and the Third World. John Adams said famously, "Facts are stubborn things."
