On Grand Strategy

On Grand Strategy is many things—a thoughtful validation of the liberal arts, an argument for literature over social science, an engaging reflection on university education and some timely advice to Americans that lasting victory comes from winning what you can rather than all that you want."

On Grand Strategy: Gaddis, John Lewis: 9781594203510 ...

On Grand Strategy, by John Lewis Gaddis, is an interesting book examining Grand Strategy from the perspective of various case studies. The book examines US strategies during its Civil War, and its Cold War struggle with the USSR.

On Grand Strategy by John Lewis Gaddis - Goodreads

The take-home message of the book is that grand strategy has to balance focus (a "hedgehog" approach) and creativity (a "fox" approach), and success requires attention to both means and ends. These aren't the most profound insights, but the historical examples were fun to read, and I enjoyed how the author links people, events and ideas to make his point.

Browsing Grand Strategy - Steam

A grand strategy provides a national vision for the future and a precise plan for the fulfillment of that vision. Achieving the goals of a grand strategy presupposes more than the successful prosecution of a war or the economic development of a country. It also requires a concerted effort on the part of a significant segment of society.
